### INGREDIENTS

A list of the ingredients contained in this feed may be obtained from the manufacturer or registrant.

### DIRECTIONS FOR USE

Beginning 5 days prior to farrowing and until 5 days after farrowing, top-dress onto regular feed at the rate of 30 to 60 grams (1 to 2 oz.) per sow per day, or mix into the complete feed at the rate of 5 to 10 kg per tonne. (One scoop is approximately 60 grams).

### CAUTIONS

Directions for use must be carefully followed.

### NOTE

Feeding accuracy of these products may vary amongst different producers, due to different management techniques, genetics, environment, disease, etc. Therefore, Kenpal Farm Products Inc. accepts no responsibility or liability as to results obtained from the use of these products.
